

Serving La Canada for over twelve years, we have become a quick and healthy dining option for local families. During this time we have enjoyed and appreciated the community's continued support.

As the school year approaches we would like to inform you of a convenient and popular service we provide.

School day lunch hours are filled with frenzied students trying to get a tasty yet healthy alternative to fast food in our small restaurant. Instead of your staff & students having to fight the traffic and the time restraints of coming to us, how about we come to you?

We host an **On-OFF Campus Catering Fund-Raising Program** to provide the food your teachers and students want, and more importantly, where they want it.

TacoDeli On Wheels will provide food for just a fraction of the cost more than coming to the restaurant and can easily be incorporated into any fundraising activity.

During lunchtime or for a special event, you can be sure of one thing; our well prepared staff of cooks and servers will not be satisfied until you are.

Many Thanks, Julia Sarkissian and  
Your friends at TacoDeli
