

Serving La Canada for over twelve years, we have become a quick and healthy dining option for local families. During this time we have enjoyed and appreciated the community's continued support.

As the school year approaches we would like to inform you of a convenient service we provide.

Instead of your staff & students having to fight the traffic and time constraints of coming to us, how about we come to you?

We are hosting an **On Campus weekly delivery lunch program** to provide the food your teachers and students want, where they want it.

TacoDeli On Wheels will provide during lunchtime or for a special event, you can be sure of one thing; our well prepared staff of cooks and servers will not be satisfied until you are.

Many Thanks, Julia Sarkissian and
Your Friends at TACO DELI
